

One Brain, Infinite Personalities

The Brain is an interactive 18.5-inch touchscreen unit that connects and controls up to 4 connectable vending machines, bringing snacks, drinks, fresh products and merchandise together in one seamless, fully customizable retail point. More than a control hub, it is the digital heart of the installation: intuitive, connected and designed to create a smooth purchasing experience while opening new opportunities for promotions, branded content and targeted advertising. The Brain of Vendo Legend® combines advanced intelligence with a rounded, iconic cabinet that captures the timeless spirit of Vendo's golden era, making it the perfect choice for premium environments where technology and design must make a statement....
